ADDENDUM NO 1
REQUEST FOR QUOTES 02-2020 SIDEWALK REPLACEMENT

CLOSING 2:00 PM (LOCAL TIME) AUGUST 27, 2020

Please refer to the above Request for Quotes (RFQ) document in your possession and be advised of the following:

QUESTION AND ANSWER:

1. Page 6 of the document mentions the sidewalk quantity on Owen Sound st being 62m long and the chart on page 3 says 16 panels, please verify which quantity is correct.
 - It has been measured as 62 m long by Brad MacDonald or available staff (519) 939-1342 but we encourage a site visit to provide an accurate estimate.
2. Regarding Schedule A, Item 4 (canfield path), the RFQ mentions the work will have to be done in stages, is this 2 stages? If not please specify. Additional mobilizations will vary the price.
 - Sidewalks and fencing will be required to be removed to allow the pouring of posts for the fence replacement. If interested in this initial stage, please quote under Misc. Once the fencing has been finished, the sidewalk can be completed.
3. Each item in schedule A has a line item for concrete curb and gutter, is this to remove & replace curb and gutter? There is no quantity attached to this, please specify a number of linear meters to bid and what is required.
 - If curb and gutter do not apply to the replacement location please use "not applicable" otherwise quote for what your company would charge per linear meter.
4. The pictures of each location pages 7 - 9, indicate the sidewalk widths but I believe some of these are incorrect. Please verify the preferred replacement widths at each location so bidders are pricing the same amount of work.
 - All sidewalk replacements will be the standard 5 foot widths.
