## QUESTION AND ANSWER REVISED

Please see revisions in red.

**Q6:** We would require the playground details to properly quote line item # 2.04.

**A6:** Price the cost for per m3 then once we know the amount needed, we will use that price **per m3**.

							Unit Price		Total Cost
2.04	Supply and install concrete footings for play structures. To be installed as per manufacturers specifications and installation requirements.				per.m3	\$		\$	

**Q8:** Item # 2.03 – We assume this is the playground curb. Should it not be by the linear meter.

**A8:** That is correct we will change that once I finish the addendum with questions so please price to linear meter.

							Unit Price		Total Cost
<b>2.03</b>	Supply and install 150mm wide concrete curb, including granular 'B' at 200mm depth.		30		Lin.m.	\$		\$
