## Canada Day

### Home Decorating Contest

**FIREWORKS** are often used to mark special events and holidays. The safest way to view fireworks is to attend a professional show. Fireworks cause major fires in Ontario each year.

Be sure to reference your municipalities by-law regarding the use of fireworks.

**FIREWORKS SAFETY TIPS**

- Purchase from a reliable source that sells products meeting safety standards.
- Stay away from illegal explosives or firecrackers and do not improvise and make your own.
- Only adults (18 years or over) should handle the fireworks. If you are impaired (alcohol or drugs) do not handle them.
- Wear protective eye glasses and gloves. Light at arm's length and then stand back.
- Near lean over the fireworks and keep hair and clothes away from fire sources.
