WATER USE DAYS

During the hot, dry summer months, water consumption typically rises as a result of increased lawn watering, car washing and other outdoor uses, causing your water bill to increase and reserves to run low. Protect our environment by using the resources available to us wisely.

As per Bylaw 47-2014 under Section 9.1 for the months of June, July and August the external use of water is:

On even calendar dates at only those municipal addresses ending with numbers **0, 2, 4, 6, 8;**

On odd calendar dates at only those municipal addresses ending with numbers **1, 3, 5, 7, 9.**
