CUSTOMER SERVICE

A specialized fleet Tailored to meet your needs

At Moore Brothers, our #1 job is to get your shipment to its destination on time and on budget professionally. We operate modern flatbed equipment to transport your freight in a timely and cost-effective manner. Our power units are outfitted for heavy-duty performance and job site maneuvers and equipped for any job, in any condition. We make sure your load is secured and use a multitude of ways to ensure you have your loads arrive safely and protected to arrive on site as it left your facility.

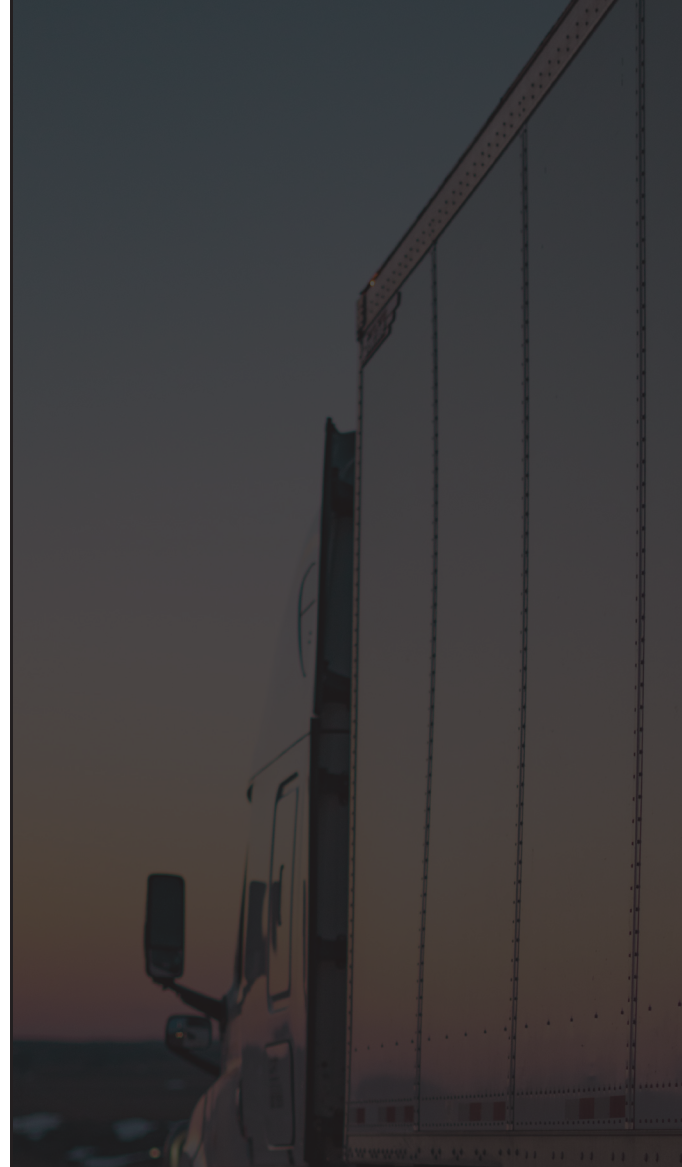

Our Extensive fleet consists of:

- **Over 150 Flatbed Trailers**
- **Trombone Trailers that open to 90 feet and haul up to 130 feet long**
- **Drop Deck trailers**
- **Floater Trailers**
- **Tandem, 3 axel, 4 axel, and 5 axel trailers all tracked with modern technology for piece of mind**
- **Modern Heavy Spec Trucks with ability to take multitudes of loads with several combinations**
- **Permits for all GTA areas and many South Western Ontario and Quebec and Western Provinces!**

Our Fleet travels extensively in the GTA and throughout Ontario and Quebec, with coverage to Eastern and Western Provinces! Operated by long term professional drivers, our fleet is amongst the best in the industry for reliable, safe delivery of your cargo. All our equipment is permitted and licenced for overweight and over width and length in many areas please ask us for a special quote! We will efficiently help you with any special ideas or movements. We specialize in the GTA and South Western Ontario Area.

Both Office Staff and our Operation Team are seasoned industry specialists trained in all aspects of safe transportation procedures, including Electronic Logs and GPS tracking, Over Dimensional Rules and Permits and Load Security and Safety procedures. We have permits and equipment to help you with that special load to go anywhere in Canada or around the corner we can set up Escorts – Permits and even Police Escorts if needed!

To ensure full compliancy with MTO regulations, we engage with outside parties for training and are members of the OTA (Ontario Trucking Association) we also ensure our mechanics are fully trained and up to date with any requirements for the Motor Vehicle Inspections to keep our fleet well maintained. We test our staff and train them in all aspects of this industry and go above and beyond to ensure we have the skills needed to stay professional and skilled in this business. Because Safety is important to us, we conduct regular safety meetings and review procedures and correct operational issues that may be a cause for concern. Our safety Department is second to none and keep us all sharp and up to date with up to the minute safety items and issues.
